

FROZEN DRINK MACHINE

Item # 1205

845.226.2447

INSTRUCTIONS:

- 1) Fill ice hopper to within one (1) inch of the top with cube ice only. Be sure ice is free of any debris, such as bottle caps. This can jam the machine and cause damage to the shaver blade.
- 2) Place cover on ice hopper and turn on power.
- 3) Use measuring cup provided to pour the amounts of mix and liquor needed.
- 4) Pour contents of measuring cup into blender and place on the blender base. Prior to starting operation of machine, be sure blender cup is set correctly on blender base. Press drink button and wait until blender cycle comes to a complete stop.
- 5) Remove blender cup and pour the cocktail into your glass and garnish.

POWER REQUIREMENTS:

Dedicated 20 AMP Circuit.

** Be Sure that nothing else is plugged into the same circuit

SPACE REQUIREMENTS:

H: 23.5 " x W: 12.75" x D: 18"
Weight 35 lbs

OPTIONAL EQUIPMENT:

OTHER REQUIREMENTS:

Ice, Mixers
